

Cole, Schotz, Meisel, Forman & Leonard is a charter member of the Law Firm Alliance, a network of prominent law firms enabling our clients to obtain legal services throughout the United States and in several foreign countries. The Law Firm Alliance is currently comprised of about 50 law firms in every major market in the United States and in key commercial centers abroad.

There are more than 3,000 lawyers in the firms that comprise the Law Firm Alliance. Alliance firms, like Cole Schotz, bring significant depth and experience to virtually every practice area.

Law Firm Alliance is not a partnership. Each law firm is a separate entity that performs its own work independently and is solely responsible for the quality of its work. No member of the Alliance accepts legal responsibility for another firm's work. No referral fees are involved -- only the mutual commitment to service referred clients at the highest level of competence and attention.
